

# Using Visuals to Support Understanding and Use of Language in the Early Years

**Date:** 20 March 2025

**Time:** 18:30 – 20:00

**Venue:** Virtually over Zoom.

**Register to attend [here](#)**

## Read all about it

Visuals are a useful way to support the development of understanding of language. In this session we will discuss, demonstrate and support practice of the use of a wide range of visuals including objects of reference, now and next boards, visual timetables and task boards.

We will discuss where and when in the setting these supports can be introduced as well as providing resources for you to use. We will have time for questions and problem solving to ensure introduction and use is as successful as possible.

## Who is this training session for?

This session is suitable for all members of the children's workforce in the borough of Halton, who support children in early years and key stage 1 environments including Nursery Practitioners, Childminders, Teachers, Teaching Assistants, Early Help Officers, Members of the Health Visiting Team and such like.

## How is this session being delivered?

This one and a half hour **in person** training package is being delivered by one of Communicate SLT's Specialist Speech and Language Therapists at a venue to be confirmed at time of publishing this event.

You will receive a calendar invite and joining instructions in due course, after submitting a MS Form.
